

# DAVID J. CAMPBELL

---

## PROJECT MANAGER

David Campbell has thirty four years of experience in the field of architecture, project management and construction management. He has provided project management services for Los Angeles World Airports (LAWA) since 2011. Projects include the Westfield Concessions Project at Tom Bradley International Terminal (TBIT), Terminal 1 and 2 Westfield Concessions Projects, Delta Air Lines Relocation from terminals 5 & 6 to 2 & 3 and the Delta Sky Way Program which entails the complete reconstruction of Terminal 3 and partial renovation of Terminal 2. He currently serves as Delivery Director for LAWA's Terminal Development and Improvement Program (TDIP) for Concourse 0, Terminal 2 Federal Inspection Station, Terminal 2 & 3 Delta Sky Way program, TBIT Baggage Optimization Project II, Terminal 4 & 5 Modernization Program and Terminal 6 Redevelopment Program.

Between 2008 and 2011 Mr. Campbell was Project Manager for Stegeman and Kastner, a real estate project management services company. He was senior Project Manager on the Santa Monica Place shopping center, a project that transformed an enclosed shopping mall to an open-air and pedestrian friendly retail complex.

Mr. Campbell was owner and principal of Campbell and Associates, Inc. between 2002 and 2008. During this time his professional focus shifted towards project management and predevelopment services, including managing several projects for New Schools Better Neighborhoods, a community advocacy and non-profit developer. He was Project Manager for the Westlake-Gratts Collaborative Planning project, a \$45 million joint-use and entitlement negotiation project that involved several public and private entities, including LAUSD and Community of Friends, a non-profit housing developer. The project comprised a Primary and Early Education center and a 54 unit housing project. The project's success and commitment by key public leaders led to a signed Memorandum of Understanding by the City of Los Angeles, LAUSD, and the CRA to leverage

planning of public investments for community revitalization. Mr. Campbell also provided project management services for multiple day care and preschool projects including the Cerise Day Care Center, Imperial Highway Day Care Center, Salk Preschool, Bethel Preschool and Holy Redeemer Preschool.

Mr. Campbell was one of the field architects on the Cathedral of Our Lady of the Angels. He worked for Madrid-based Rafael Moneo as an on-site Los Angeles representative between 1998 and 2002. The project included the Cathedral church, campanile, parking garage, conference building and Archbishop's residence.

Between 1989 and 1998 Mr. Campbell worked for Levin and Associates Architects on some of Los Angeles most prominent historic buildings, including City Hall, Bradbury Building, Egyptian Theater, Greek Theater and the Grand Central Market complex. He was Project Manager on multiple projects at Occidental College, including the Mullin Family Sculpture Studio, a teaching studio and art gallery, and Samuleson Pavilion, a student union center and café. He also managed the Highland-Camrose Village at the Hollywood Bowl, a group of historic buildings that were converted to an office and park complex occupied by the Los Angeles Philharmonic.

### Professional Licenses:

- Licensed Architect, State of California  
License N<sup>o</sup> C26412

David Campbell obtained his Masters in Architecture at University of California Los Angeles in 1998 and a Bachelors in Environmental Design at Parsons School of Design in New York, in 1989.

He was born and raised in Mexico from American parents, moved from Mexico City to New York City in 1984 and to Los Angeles in 1988. He lives with his wife and daughter in Echo Park, near downtown Los Angeles. His interests include photography, scuba diving and traveling.
